

24 March 2020

GOVID-19 Level 4 status and Stratmore lockdown

Dear Client

As of 11.59 pm Wednesday 25th March 2020 Stratmore Construction Solutions Limited will be closed for a period of 4 weeks. This is in compliance with Government's directive that businesses close as required under the guidelines of the Level 4 status for the COVID-19 pandemic.

As a family owned business, we always put the wellbeing of our staff ahead of anything else. While we may be part of the construction and building sectors' supply chain for essential services there were other factors that added weight to our decision: the uncertainty surrounding the supply of raw materials and the vagaries of freight.

Naturally, we will be monitoring this situation very closely over the next few weeks.

Should there be a need within the Wellington region for a product to assist with urgent repair/maintenance on a project that is deemed to be an urgent "essential services" category please call our National Sales Manager, Craig Meiklejohn, in the first instance on: 027 4422 942.

We wish you all the best in these difficult and unprecedented times and we look forward to working with you again the very near future.

Regards

Adrian Woodliffe

General Manager
